### KCER MEETING MINUTES

<b>Date: February 9, 2010</b>	<b>Time: 12pm Eastern</b>	<b>Location: Teleconference</b>	<b>Team: Patient Assistance Team</b>
-------------------------------	---------------------------	---------------------------------	--------------------------------------

TOPIC	DISCUSSION	PLAN OF ACTION / RESPONSIBLE	DUE
Minutes and action items from previous meetings	Minutes from the January call are reviewed and approved.	Add Shar to the list of attendees.	
Video for training patients and local emergency preparedness organizations	Peter emailed a template to the group. This template is a proposed budget for the patient video based on a video produced for Network 8. The budget was reviewed and the Team supports using the budget template. There is an additional template provided for a letter requesting funds. It may be helpful to include that this video would be available for those who contribute funds to use. Shar will write an additional paragraph. It may also be useful to provide an example on how many patients were displaced due to prior disasters. Vernon and Peter will work to further develop using a real life example. The only issue after requesting funds is a holding place for those funds. KCER, as funded by CMS, would not be able to hold the funds.	<ul style="list-style-type: none"> <li>• Darlene will investigate a way to hold the funds.</li> <li>• Sherilyn will develop a “thank you” letter.</li> <li>• Sherilyn will get Glenda Payne to provide guidance on CMS approval.</li> </ul>	3/9/10

	<p>It might personalize and add credibility to the letter by including a list of previous organizations that donated or are involved in the project.</p> <p><i>Patient interviews:</i> Due to the location/logistics, patients giving interviews should be located near the chosen video production company. We may be able to obtain lists of patients who have given previous interviews (through NKF or Networks) or new interviews from patients.</p> <p><i>Celebrity spokesperson:</i> Brenda will try to contact Jerry Rice. Lesley stated that George Lopez created his own nonprofit and will try to contact his organization. Additionally, there is a Dallas Cowboy football player who donated a kidney to his teammate (<a href="http://www.eversonwalls.com">www.eversonwalls.com</a>).</p>		
Emergency Preparedness Guide for Patients	<p>The updated NKF manual should be available by the end of the week. Lesley may be able to get an electronic copy for the group.</p> <p>The CMS manual should be consistent with other publications, especially the emergency renal diet. The team should review the manual for edits/changes.</p>	<p>Everyone is welcome to submit ideas/changes. Submit ideas or changes to Sherilyn Burris (<a href="mailto:sburris@nw7.esrd.net">sburris@nw7.esrd.net</a>)</p>	Ongoing
